### **Election of auditors**

The nomination committee proposes that the meeting re-elect PricewaterhouseCoopers AB and elect Deloitte AB as auditors for the period until the end of the annual general meeting to be held in 2024. Should these two auditing companies be elected, they have announced that they will appoint as auditors in charge Mr Johan Rippe (authorised public accountant) for PricewaterhouseCoopers AB and Ms Malin Lüning (authorised public accountant) for Deloitte AB.

# Mandate of the nomination committee

The 2022 annual general meeting resolved on the following instructions for the work of the nomination committee and on the procedure for appointing a nomination committee for the annual general meeting in 2023 and subsequent annual general meetings. The resolution remains in force until changed by a future general meeting.

In advance of the AGM, the nomination committee must evaluate the work of the Board and submit proposals for:

- the chair of the AGM
- the Chairman and other members of the Board
- fees to the Chairman and other members, and remuneration for committee work
- election of auditors
- fees to auditors

Shareholders may submit proposals to the nomination committee. In order to be processed with due care, such proposals must reach the nomination committee by 31 December of the year before the annual general meeting is held.

The nomination committee shall have five members. Four of the members (the "Shareholders' Representatives") shall represent the Bank's four largest shareholders/shareholder groups in terms of votes according to shareholder information recorded in the register of shareholders/shareholder groups held by Euroclear Sweden AB on 31 August the year before the annual general meeting is held (the "Largest Shareholders"); one of the members is to be the Chairman of the Board. However, the nomination committee must not include representatives of companies which are significant competitors of the Bank in any of its main areas of operations.

The general meeting assigns the Chairman of the Board with the task of contacting the Largest Shareholders. These will each appoint one representative who, together with the Chairman, will constitute the nomination committee for the period until a new nomination committee is appointed by mandate from the next annual general meeting. The composition of the nomination committee for the nomination of Board members shall be announced on the Bank's website no later than six months before the annual general meeting where election is to be conducted.

The members of the nomination committee are to appoint a chair among themselves. No fees are to be paid.

Should it become known that a shareholder represented on the nomination committee ceases to be one of the Largest Shareholders as a result of changes in the share holdings of the said shareholder or of other shareholders, then, if the change is significant and the majority of the members of the nomination committee so decides, the shareholder's representative must withdraw from the nomination committee, and the shareholder which has been newly added to the four largest shareholders/shareholder groups in terms of votes shall be entitled to appoint their own representative instead. However, changes in the ownership structure which occur less than three months before an annual general meeting will not lead to any change in the composition of the nomination committee.

If a Shareholders' Representative leaves their position with the shareholder, the shareholder shall be entitled to appoint a new representative for the nomination committee.

If one of the Largest Shareholders no longer wishes to participate in the work of the nomination committee by having a representative on the committee, and the nomination committee considers that there is a need to replace this representative, the shareholder which is next in line among the largest shareholders/shareholder groups in terms of votes shall be entitled to appoint a representative instead.

Any changes in the composition of the nomination committee must be made public immediately.

This resolution on the procedure for appointing a nomination committee for the annual general meeting in 2023 and subsequent annual general meetings shall apply until it is amended by a future shareholders' meeting.

# Report on the work of the nomination committee and explanation

The nomination committee met on 6 occasions during the year.

It has been stated on the Bank's website under the heading "Annual General Meeting" that shareholders may submit proposals to the nomination committee. In order to be processed with due care, the proposals must have reached the nomination committee by 31 December 2022 at the latest.

# Assessment of the Board and proposal for composition of the Board

The nomination committee has studied the assessment of the work of the Board carried out in late 2022 and has interviewed the Board members. Based on this, the nomination committee has found that the work of the Board is functioning very well. The nomination committee has also received a report on the Bank's operations from the Bank's executive management.

In its work, both in terms of its evaluation and the construction of its proposal, the nomination committee has taken into consideration the Board of Handelsbanken's policy for promoting diversity within the Board, and also the requirement of the Swedish Corporate Governance Code to aim for diversity, breadth and gender balance on the Board. The Board's diversity policy states that to promote independent opinions and critical questioning, it is desirable that the Board should be characterised by sufficient diversity in terms of age, gender, geographical

origin, educational and professional background, etc. In this context, the nomination committee has also discussed succession planning for the Handelsbanken Board. In addition, the nomination committee has studied Handelsbanken's policy regarding suitability assessment of Board members.

### The overall expertise of the Board

It is proposed that the 2023 annual general meeting elect 10 board members – 5 women and 5 men.

In the opinion of the nomination committee, the composition of the proposed Board, taking into consideration the Bank's operations, stage of development and other circumstances, will be appropriate. Overall, the proposed Board has extensive experience of banking and finance, real estate, industrial and consumer-related operations, digitalisation and the capital market. The nomination committee has found that the proposed members have the requisite breadth and versatility in terms of expertise, experience, insights and background to understand, examine and evaluate the Bank's operations, including the risks. The proposed members are also deemed to have integrity and independence of mind. All the proposed members have stated that they will be able to devote sufficient time to carrying out their Board assignments.

The Swedish Code of Corporate Governance stipulates that a majority of the Board members must be independent of the Bank and its management, and at least two of these must also be independent of Handelsbanken's major shareholders. The nomination committee's proposal fulfils this requirement. The nomination committee has also considered whether long periods of service by Board members who are independent under the Swedish Corporate Governance Code could affect the independence of these members. The nomination committee's assessment is that this is not the case. The members' independence under the Swedish Corporate Governance Code is set out in the presentation below.

# Fees to Board members

Given the amount of work and the responsibility that rests upon the Board members, the nomination committee considers it justified to raise both the Board fees and the committee fees. To be able to attract competent individuals to the Bank's Board and retain them, the fees should be on market terms and be in proportion to the responsibility and the work that is required of a Board member.

# **Election of auditors**

Handelsbanken's Board has resolved to assign to the nomination committee the task of submitting proposals to the annual general meeting regarding the election of auditors and fees for the auditors. Handelsbanken's audit committee has recommended that two auditing companies be appointed as auditors for Handelsbanken and that the mandate period be one year. The audit committee has also recommended the re-election of PricewaterhouseCoopers AB and the election of Deloitte AB. The recommendation from the audit committee is made without the committee being subject to influence from a third party or by mandatory conditions which limit the annual general meeting's freedom of choice. The audit committee's recommendation is based on reasons reported to the nomination committee. The nomination committee has decided to follow the recommendation of the audit committee.
